

What Can YOU Do?

Get Involved, Make a Difference. Make some NOISE!

Newsletter: Sunday, 8 July 2018

Issue No.042

Facts of the Week

1. Only 0.5% of the earth's water is suitable for human consumption
2. We throw away 25 000 000 plastic bottles every hour
3. 650 million people around the world do not have access to safe water.
4. Glass bottles take 4000 years to decompose
5. A recycled aluminium can is back on the shelf in 60 days.

Interesting topics

1. Our plastic waste can be turned into homes that cost \$280 – Check more [here](#).
2. New leather can be grown and no animals have to be killed for that, check [full story](#)
3. Forests can heal people, see more via the [link](#).

4. The best actions the countries take to [beat plastic pollution](#).
5. The 8 plants that promote Wellness – read full article [here](#).

Did you know that:

Almost 500 000 trees need to be cut down to produce Sunday newspaper weekly.

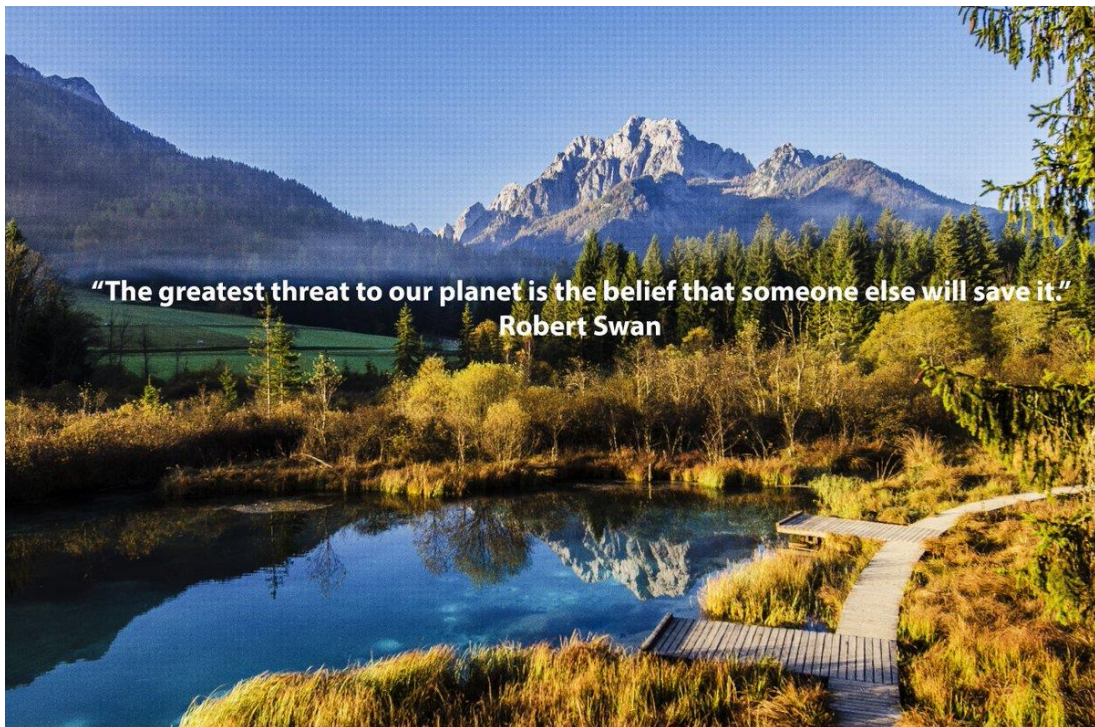

Recycling helps to conserve our natural resources like coal, oil and gas.

Aluminium cans can stay in that form for 500 years.

More than 80 billion cans are used every year around the globe.
